

Soaking Prayer

Why Do We Come?

We come for HIM!

We come for HIS PRESENCE!

We are here to LOVE HIM and be LOVED BY HIM!

We're here for our relationship with our Heavenly Father, with Jesus, and with the Holy Spirit

What Do We Need?

There is a deep need in every one of us to be close to God. Experiencing God is something to be sought after and not avoided. While we base our theology on God's Word, our experiences with God make it all come alive. The Bible is a book of experiences of men and women of God throughout history, whose lives were changed through divine encounter. Your life will be changed as well as you encounter Him.

Why Do We Soak?

Why are we here? Why do we soak?

We might receive a physical healing – many have – but that's not why we come.

We might see a vision or picture – that happens a lot – but that's not why we come.

We might have our hearts healed of a past hurt, or painful experience, or area of unforgiveness or need – this happens regularly -- but that's not why we come.

We might gain some insight or wisdom for a decision or situation or question we have right now, or direction for our lives – but that's not why we come.

We might leave refreshed, filled, renewed for our "ministry" tomorrow – this absolutely happens – but that's still not why we come.

*We're here because it pleases Him for us to be here with no agenda,
but to spend time with Him, in His Presence.*

We feel His pleasure when we soak. There's nothing more the Father longs to do than to "love on" His children. He loves to fill us with His life and love, to reveal Himself more and more to us and for us to grow closer to Him.

*It's just for Him, to love Him and be loved by Him,
To receive all He wants to give.*
